Matariki is a time to learn about your whānau and a time to remember those who have passed on from this world to the next. Fundraised money from 2015 - The Board of Trustees has asked me to prepare a proposal for spending the 2015 fund raised money. This money is already financing the renting of classroom laptops and airbooks. The school would still like to have a space that can be used for art and science projects as well as some storage. The Board will explore some options and how the remaining \$15,000 can be spent.

Library - My apologies if you have been receiving multiple overdue emails from the library! Please do not be concerned. The automated programme will now only send emails once a week. There have been glitches with the system of returning books and some books have been returned that were not processed correctly. I am working with the student librarians to rectify this. There are, however still too many books that have not been returned and are well over-due. The school will charge for lost books. *Johanne*
